

ALEXANDRE MOHIB

NETWORK ENGINEER

Motivated computer science engineering student at **ENSEEIHT**, passionate about computer systems and networks, with a strong ability to learn and adapt.

I am looking for a **two-month internship** between **June and August** to apply my technical knowledge and contribute to concrete projects in the field of computer networks.

SKILLS

- Networks : IP, TCP, UDP, RIP, OSPF, VLAN, HTTP, DNS, STP, DHCP, VPN
- Artificial Intelligence : Neural Networks, Machine Learning
- Telecommunications : Spread spectrum coding, digital modulations, OFDM, LDPC codes, convolutional codes, turbo codes
- Programming : Python, Java, HTML/CSS, Matlab, C, Ada
- Tools : Git, Vscode, Linux , LaTeX

LANGUAGES

- French: Native
- English: Advanced (C1)
- Spanish: Intermediate (B1)
- Chinese (Mandarin): Beginner (A1)

EDUCATION

Engineering School – Computer Science

ENSEEIHT, Toulouse

2024-2027

Preparatory Classes for Engineering Schools (CPGE) – PCSI/PSI*

Lycée d'Arsonval, Saint-Maur-des-Fossés

2022 – 2024

French General Baccalaureate – Mathematics, Physics & Chemistry

Lycée d'Arsonval, Saint-Maur-des-Fossés

2019-2022

PROFESSIONAL EXPERIENCE

Technical Internship

SECURINFOR, EDF subcontractor, Saint-Denis

- Computer refurbishment: participation in the data wiping and reconfiguration of a large number of workstations, helping to reduce a significant maintenance backlog.
- System imaging: learning and applying the workstation imaging process to deploy standardized environments across multiple machines.
- User support (EDF IT space): welcoming users, providing technical assistance and guidance for troubleshooting, configuration, and issue follow-up.

CIVIC ENGAGEMENT & INTERESTS

Volunteering – Cop1 Association

Contribution to the organization and distribution of food supplies for students facing financial hardship. Development of teamwork, solidarity, and logistical coordination skills.

- Badminton
- Video games
